

**570 E. Quail Run Rd, Rockwall, TX 75087-7321; 972-771-9985; [www.systemsmediation.com](http://www.systemsmediation.com)**

- 570 E. Quail Run Rd is accessible from 205/Goliad Street **or** John King Blvd from the north or the south.
- Though John King Blvd is a 4-lane road, it is a city street which crosses over the state roads of 66, 1141, and 552 which all have the right of way. Traffic on John King Blvd must stop and yield.
- John King Blvd does not connect with I-30 at this time. That is a future plan. So taking the 205 exit from I-30 is the best way to get to John King Blvd from I-30 using several cross street options, including Route 66 a block before reaching the downtown square.
